

## ASSESSMENTS SHOW INCREASE

All Items of Personal Property Ex-  
cept Three Valued Higher For  
Taxation Purposes

COMPARED WITH 1922 VALUES

Automobiles, Sows and Other Hogs  
Slightly Lower Than Last Year,  
Assessors Report

Personal property is assessed gen-  
erally higher than last year, accord-  
ing to final reports from the town-  
ship assessors just compiled by the  
county assessor, Earl F. Priest.

With three exceptions, the various  
items of personal property are as-  
sessed for more than last year, ac-  
cording to averages which have been  
completed by the county assessor.

The single exceptions are automo-  
biles, sows and other hogs. Horses,  
farm implements, mules, milk cows,  
other cattle, sheep and household  
goods, on the average are higher,  
with the whole county taken as a ba-  
sis. There are some exceptions to  
this in some of the townships, but  
the averages for the county show  
that the taxable values are generally  
higher.

The averages are compiled from  
reports made to the county assessor  
by the township assessors. They  
made a report every week to the  
county assessor on the progress of  
the work and the county assessor  
made a semi-monthly report to the  
state board of tax commissioners  
during the assessing season to keep  
a check on the progress of assessing  
all over the state.

Fourteen hundred and four owners  
of farm implements were assessed  
for a total of \$275,510, or an aver-  
age of \$196. The average last year  
was \$185.75 for \$1,342 farmers who  
were assessed.

Two thousand, four hundred and  
sixty-five automobiles and trucks in  
the county were valued for taxation  
purposes at \$642,030, which is an  
average of \$260.50, as compared  
with last year's average of \$284.14.  
There were 2,241 motor vehicles on  
the assessment sheets last year, a  
gain of 224 machines in the county.  
Automobiles were expected to show  
a decrease in taxable value on ac-  
count of the poor market for second-  
hand automobiles.

The taxable value of 5,735 horses  
that were assessed is \$487,230, or  
an average value of \$84.22. Last year  
5,850 horses were assessed at an av-  
erage of \$82.43.

## OUTSIDERS CALLED BEFORE GRAND JURY

Elizabeth Sullivan And Her Friends  
Are Witnesses In Probe Of  
Mount's Death At University

SUICIDE THEORY ABANDONED

Chicago, May 10. —Elizabeth  
"Honey" Sullivan and members of  
her alleged "bake-eater bandit gang"  
were placed on the witness list to  
testify before the grand jury prob-  
ing the death of Leighton Mount  
today.

George Corman, assistant state's  
attorney, said the men whom po-  
lice connected with North Shore  
robberies will be questioned about  
reports that "townies" took part in  
the 1921 class rush at Northwestern  
University and may furnish clues  
to Mount's death.

Tommy Gash, friend of "Honey"  
was the first to testify. He denied  
knowledge of the gang activities or  
leaving.

States Attorney Robert E. Crowe  
today let it be known he has aban-  
doned a theory that Mount committed  
suicide and his body was hid under  
the pier where it was found. Addi-  
tional witnesses were questioned in  
an effort to substantiate the death  
by hazing theory.

Witnesses called today included  
President Walter Dill Scott of the  
University; Goebel Ball and Elwin  
Bishop, former students returned  
here to testify from Williamson W.  
Va; Mayor Harry Pearson, Evans-  
ton and others including Doris-Fuchs  
Leighton's sweetheart, who will com-  
plete her story of letters received  
from the youth.

## NO FURTHER LIGHT ON LOCAL ROBBERY

Postal Officials Have Failed To Pro-  
duce Anything New, Following  
Arrest Of Caron

IS UNABLE TO GIVE BOND

No new developments have been  
made known in the investigation of  
the local postoffice robbery of March  
9, 1921, following the arrest this  
week of Lester Caron of this city.  
The local man is held in jail at In-  
dianapolis upon default of payment  
of \$7,500 bond, although it was  
stated Wednesday that the bond had  
been provided. An effort was being  
made to furnish the bond, it was  
stated today.

As far as known the alleged stolen  
loot, which was said to have been  
hidden east of the city, has never  
been found, following a search of  
two different times of the place  
where it was supposed to have been  
buried.

No further arrests have been  
made by the postal inspectors who  
came here Monday afternoon, after  
having received a "tip" from some  
source that Caron had confided in  
Orean Snyder that the loot was  
buried near the white bridge over  
Flatrock. Following Caron's arrest  
it was intimated that Caron had  
taken young Snyder to the place  
and showed him some of the loot,  
but when Snyder took the postal  
employees to the place, it could not  
be found according to the report.

## TWO DIVORCES ON HEARINGS TODAY

Monroe D. Jackson And Avria Phil-  
lips Are Granted Separations  
From Their Spouses

TWO NEW CASES ARE FILED

Court Overrules Motion For New  
Trial On Petition Of Clarence  
Allen, And Judgment Entered

Two divorces were heard this  
morning in the circuit court, and  
in each case the plaintiff was  
granted a decree, following the in-  
troduction of the evidence.

One complaint of Monroe D.  
Jackson, a barber, against Blanche  
M. Jackson, the divorce was granted  
and the custody of the child was  
given to the defendant, and an al-  
lowance of \$5 a week was made.  
The plaintiff was given the custody  
of the child on each Sunday.

In the other complaint Avria Sa-  
vannah Phillips was granted a di-  
vorce from Alfred P. Phillips, who  
defaulted. The plaintiff also had  
her maiden name of Avria Cavan-  
nah Dewitt restored.

Clarence H. Allen was refused her  
motion for a new trial in court this  
morning, and judgment amounting to  
\$148.95 and costs was sustained as  
rendered by a jury on March 15.  
The plaintiff was Charles Myers who  
brought suit for damages as the re-  
sult of an automobile accident be-  
tween their two machines, and in  
which the jury held the defendant  
responsible.

The case of the Commercial In-  
vestment Company against Carl

## PLAN MEMORIAL SERVICES

Patriotic Orders To Meet Friday To  
Prepare For Decoration Day

Preliminary steps for the annual  
Decoration Day program will be  
taken up Friday night at a meeting  
called for all of the patriotic orders  
in the city, and which will be held  
in the assembly room of the court  
house at 7:30 o'clock.

The Grand Army veterans, who  
are rapidly diminishing in numbers  
and who are now not sufficient in  
number to carry out the plans, have  
turned over the Memorial Day ex-  
ercises to the American Legion and  
other orders. Each lodge or auxil-  
iary is urged to send a committee  
to the meeting tomorrow night, so  
that the details can be arranged.

## THE WRONG BAIT

## GAIN OF SIX MADE BY ENUMERATION

Rushville City Canvass Shows 1284  
Persons Listed Between Ages of  
6 and 21 Years.

1278 LISTED IN 1922

Mrs. Allie Aldridge Completes Inter-  
esting Report For School Board  
—53 Colored Pupils

The school enumeration of the city  
of Rushville has just been completed  
by Mrs. Allie Aldridge, and her re-  
port shows that there are 1284 per-  
sons of school age in the city, or a  
gain of 6 over the enumeration made  
last year.

The school enumeration is taken  
each spring, when a house to house  
canvass is made to find out how  
many persons are within the corpora-  
tion, and between the ages of 6 and  
21, whether in school or not. On this  
basis, the township school fund re-  
ceives money on a per capita share  
from the state.

Of the 1284 enumeration figures,  
Mrs. Aldridge found that a total of  
978 of them were in school, and that  
between the ages of 14 and 16 in-  
clusive, there are 268 children.

The city of Rushville is divided  
into two sections, one known as con-  
gressional township 14, which lies  
north of Fifth street and east of  
Main street, and township 13 is that  
portion which lies west of Main  
street and south of Fifth street.

In the first named division, there  
were 769 and in the last there were  
432 persons of school age, there are  
53 colored persons and 33 others  
in orphanages and homes. There are  
more white girls than boys, as indi-  
cated by 624 girls and 574 boys.

In the colored enumeration, the  
figures show 28 boys and 25 girls.  
There are 87 children at the age of  
six years and of this number 36 have  
not been enrolled in school, but will  
enter next fall, indicating a large  
class for beginners.

The school enumeration also re-  
veals that below the age of 21 years  
there are 32 persons in colleges. Also  
there are 202 persons of school age  
employed, and three are reported as  
not working. This left a net balance  
of 978 school children in school in  
the city, but in addition to this there  
are 120 Jackson township and sever-  
al other township high school pupils  
attending the schools here, which  
places the city enrollment in the  
1200 class.

## LAW APPLIES TO TRUANT OFFICER

In The Future Appointments Of  
Local Board Must Be Approved  
By State Board

NOT EFFECTIVE THIS YEAR

Leonard Moore, New Attendance  
Officer, Meets Present Requi-  
rements Without A Test

Attention has been called to a  
new law enacted by the 1923 leg-  
islature, which places the attend-  
ance officers of the counties under  
direct supervision of the state board  
of education, and which compels their  
appointment to be approved by the  
state department, but the new law  
will not apply to Rush county this  
year, following the appointment of  
Leonard Moore by the county edu-  
cational board this week.

The new law that was passed  
places the attendance officer in a  
class with the teachers and other  
school officials, which includes the  
granting of a license.

Under the present plan, the  
county board of education appoints  
a person to take the place, and no  
special requirements are demand-  
ed, except that the person who is  
employed must be of good moral  
character, and a graduate of the  
elementary grades. If not a high  
school graduate an examination is  
necessary. Mr. Moore is a gradu-  
ate of the Rushville-high school.

The law that was enacted by the  
general assembly this year is limit-  
ed under public schools, and states  
"That the licensing of all superin-  
tendents, supervisors, principals,  
teachers, attendance officers, and of  
all other regular public school em-  
ployes shall hereafter be vested in  
the state board of education."

## COMBINATION MAY RESULT IN DAMAGE

Freeze and Frost Visited Rush Coun-  
ty Last Night, But Extent of  
Damage Is Unknown

UNUSUAL WEATHER FOR MAY

Snow This Week Was Second Time  
For This Month Since 1896—2 1/2  
Inches Was Reported

A frost and freeze probably did  
some damage to the fruit crop and  
gardens last night, but the extent of  
the damage will not be known for  
a few days, according to Elwood  
Kirkwood, weather observer at Mau-  
zy. The mercury last night fell to  
28 degrees, which is 4 degrees below  
freezing.

The skies cleared in the afternoon,  
and a heavy frost prevailed in the  
night, but whether the fruit will be  
seriously injured by the frost could  
not be determined today. The foliage  
on the trees would offer much pro-  
tection, it was pointed out.

Currant bushes and a few other  
more delicate plants were probably  
nipped seriously by the dual combi-  
nation of frost and freeze.

Many people having small plants  
in their gardens took precaution last  
night and covered over the plants. In  
a few places where corn was up  
through the ground, the frost is re-  
ported to have done only slight dam-  
age, and it is believed that no ser-  
ious damage will result unless an-  
other cold snap comes when the corn  
is a little larger.

Unsettled weather appeared in the  
northwest today, according to Mr.  
Kirkwood, and he was indefinite as  
to its outcome. The weather bureau  
stated that generally fair weather  
would prevail, with rising tempera-  
ture, probably becoming unsettled  
and colder by Friday afternoon.

Snow that fell Tuesday and Wed-  
nesday in Rush county was the sec-  
ond time within 26 years that any  
snow has been recorded during this  
month, according to figures given out  
by Elwood Kirkwood, who is in  
charge of the government thermome-  
ter at Mauzy.

On Tuesday the temperature  
dropped to 32 degrees by four o'-  
clock in the afternoon, accompanied  
by snow. On Wednesday morning the  
ground was covered with 2 1/2 inches,  
which is the first time within 26  
years and the time previous for this  
month was on May 2, 1897 when  
there were 2 1/2 inches on the ground.

## 600 PUPILS IN THE CONCERT

Program Friday Night Is Biggest  
School Event Ever Planned

The biggest undertaking in the  
form of an entertainment ever staged  
in this city by Miss Sarah I. Mc-  
Connell, supervisor of music in the  
Rushville schools, will be held Friday  
night at the Graham Annex auditor-  
ium, when 600 school children of all  
ages will have part in the grade  
school concert.

The program will begin promptly  
at eight o'clock, it was announced  
today, and although the advance  
ticket sale has been unusually good,  
yet there were several good seats  
left on the board today. The com-  
plete program for the concert will  
be found on page 2 of this paper to-  
night.

## ELDER SONS ARE FREED BY BANDITS

Sons Of Two Army Officers Are  
Liberated Following Their Cap-  
ture By Chinese Bandits

THEIR FATHERS ARE HELD

Major Pinger And Major Allen Are  
Among The Captives Held For  
Ransom Near Peking

Peking, China, May 10, 11 p. m.  
Copyright Washington Daily News)  
—It has just been published at Pe-  
kin that the American legation has  
been advised from Washington that  
the government will support in a  
military way the efforts to release  
the foreign prisoners held by the  
Shantung bandits. This has created  
a good impression among foreigners  
here where it is felt America is not  
inclined to take a strong stand in  
such matters. The facts seem in this  
case that the American government  
is the first to make such a strong  
announcement.

By RAY C. MARSHALL  
(U. P. Staff Correspondent)  
Peking, May 10. —(4 P. M.)—The  
elder sons of Major Roland Pinger  
and Major Robert Allen, American  
army officers with their families in  
the bandit raid that followed the  
wrecking of the Shanghai-Peking ex-  
press, have been released.

The fathers are held.  
Everyone among the captives held  
for ransom in the Shantung hills by  
a score of foreigners and many  
Chinese after running China's crack  
express into a ditch not far from  
Tsin is well, the boys reported.

A false report which was at no  
time carried by the United Press,  
to the effect that the United States  
army officers and their sons had  
been freed yesterday, probably was  
due to the arrival at Tien Tsin of  
Mrs. Pinger and her smaller son.

Many bandit bands similar to  
those who have scattered into the  
hills with their victims are operat-  
ing just outside the walls of Peking.  
A number of Chinese merchants  
who have their shops along the  
outside of the walls are boarding  
up their establishments in fear of  
looters. Wednesday bandits looted  
two of these shops and, invading  
the city, killed a man in the street  
escaping.

The situation is growing desper-  
ate with the authorities unable to check  
the depredations. The military gov-  
ernment is powerless.

## BILL CAR ARRIVES TODAY

Advance Men Are Busy Advertising  
Circus To Be Here May 24

The advance agent and bill car  
for the Gentry Brothers Famous  
Shows, combined with James Pat-  
terson's Big Four Ring trained ani-  
mal circus, arrived in Rushville this  
morning, following an announcement  
several days ago that the circus  
would be here Thursday, May 24.

The advance car carries 57 men,  
including the bill posters, and every  
nook and corner of the county was  
being visited today, placing the  
glaring posters. The circus travels  
on its own train of 25 cars, and  
comes here from Shelbyville and  
from here goes to Greensburg  
travelling on the Big Four.

## 11 KNOWN DEAD IN OIL EXPLOSION

Men Are Burned to Death When  
Texas Oil Gusher Explodes, Set-  
ting Fire to Derricks

MEN ENVELOPED IN FLAMES

Oil That Resembled Liquid Fire  
Poured Over Score of Workers  
When Explosion Took Place

Corsicana, Texas, May 10.—Eleven  
men were burned to death in a  
fire which destroyed an oil well on  
the Hughes McKie farm last night,  
following an explosion, according to  
information to authorities today.

The charred skeletons of three  
men could be seen still smoldering  
near the derrick where eight bodies  
had been recovered from the ruined  
area.

Efforts to rescue the three bodies  
have been futile because of intense  
heat from the flames which were still  
beyond control of the fire fighters.  
Steam was turned on the burning  
oil well today. It will probably take  
two days to subdue the blaze.

The other men were believed to  
have perished in the flames but  
the heat of the burning oil and gas  
was so intense it was impossible to  
reach their bodies.

The site of the oil well was a mass  
of ruins today.

The gusher still burned fiercely,  
throwing flames high in the air and  
filling the clouds for miles around  
with gas and smoke.

The explosion, it was believed, was  
caused by a spark from a pebble  
thrown from the gusher, which  
struck a new control head igniting  
a lake of oil.

Streams were turned on the flam-  
ing oil today in an effort to bring the  
fire under control. The well was  
located some distance from the main  
fields and there was little danger  
of the flames spreading.

Several of the drilling crews cap-  
ped the flames by running through  
pools of water and falling to the  
ground when the spouting oil ignited.

The gusher came in yesterday  
and a large crew was at work in  
an effort to bring it under control  
when the fire started.

Scores of relatives of missing  
workmen viewed the charred bodies  
in the morgue today in an effort  
to identify the victims.

Difficulty is being expressed in  
obtaining an accurate list.

The time-keeper who would prob-  
ably have the names of all men  
working on the rig is believed to  
have been killed.

## INQUIRY MADE INTO PICTURE INDUSTRY

Investigation Showed National Inc.,  
Paid \$2,500,000 to Stars During  
Four Years Operation

1ST CONTRACT WITH CHAPLIN

New York, May 10.—The million  
of dollars which have flickered and  
passed on the movie screen are being  
counted by the federal trade commis-  
sion in its inquiry into the motion  
picture industry.

Investigation showed that \$2,500,-  
000 was paid stars by the National  
Inc., during the first four years of  
its operation.

The first contract made by the cor-  
poration was for \$1,000,000 by Char-  
lie Chaplin for eight pictures in 1921.  
James W. Williams, founder of the  
organization declared.

Some of the other big contracts he  
told of included:

Olga Petrova \$8,000 each for  
eight pictures.

Mary Pickford \$250,000 each for  
three pictures.

Norma Talmadge \$160,000 each  
for eight pictures.

Constance Talmadge \$110,000  
each for six pictures.

But the stars were forced to pay  
entire production costs, and their  
profit was commensurately de-  
creased.

The hearing is to determine wheth-  
er the Famous Players-Lasky Com-  
pany is a trust.

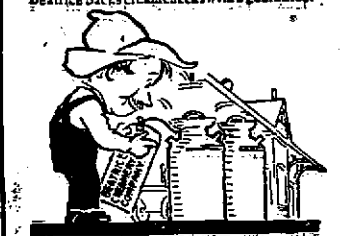

# Jim's Bigger Cream Check

Jim Johnson's cream checks added so much to his family made his old cow bew. Because Jim always shipped his cream. To any old creamery, it did seem.

A letter came to Jim one day. That told about the Beatrice war. To his wife Jim said: "That looks good to me. Beatrice backs cream checks with a guarantee."

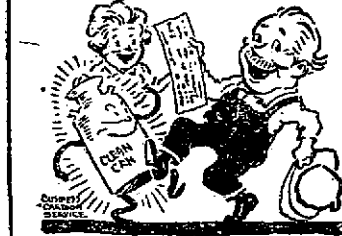

Attached to his next can of cream securely. Was a Beatrice tag fitted in correctly. The cream was billed from his railroad station. With a confident feeling of Beatrice protection.

When the cream was received in the Beatrice shop. To Johnson's credit was placed every drop. No better weight or test could be. For it had attention, individually.

A nice cream can and a big cream check. Raced back to Johnson, neck and neck. The check was priced on a tip-top market. And the can re-tagged for Jim's next shipping.

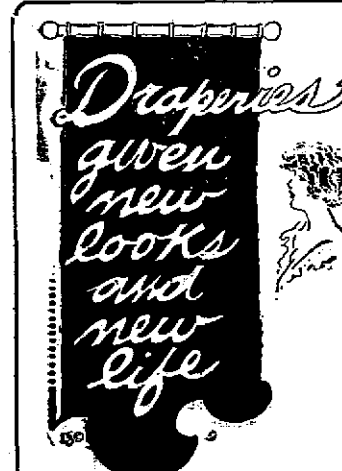

Now experience taught Johnson and his wife. Where to find real joy in dairy life. They ship all their cream to the B. C. C. And their Bigger Cream Checks are satisfactory.

For highest cash returns, tie a Beatrice tag securely to your next can of cream, and bill to us any day from your railroad station with our protection.

## DAVID HOUSTON IS WILSON'S CHOICE

Former President's Choice For 1924 Nomination Is His Disciple And Fighter When Necessary

### NEW YORK BUSINESS MAN

Wilson Believes 1924 Should Find Democrats Squarely On Record On League Of Nations Issue

By LAWRENCE MARTIN (U. P. Staff Correspondent)  
Washington, May 10.—David S. Houston of Missouri is Woodrow Wilson's present choice for the Democratic presidential nomination in 1924.

Wilson has made no announcement of this—in fact, he probably will avoid putting the Wilson seal of approval publicly on any man at this time as that might start bickerings within the party, and unite all the anti-Wilson Democrats who don't want the League of Nations to figure in the Democratic platform against the Wilson candidate.

Houston is now in business in New York under Wilson—Secretary of the Treasury, and Secretary of Agriculture. Wilson always has regarded him as one of the biggest men in the country. He was and is a Wilson disciple and a fighter when circumstances call for a fight.

Houston is now in business in New York. He has been mentioned only casually among the Democratic possibilities, and careful inquiry failed to develop any signs of a book of a campaign for him.

All indications, he is attending strictly to business and letting politics alone.

He would be tremendously strong in the west and middle west, his friends here believe. He is known both to business men and bankers and the farmers of the country. He is of strong personality, though not one of those who depend on constant aggressiveness of manner to make an impression for them.

Wilson believes 1924 should find the Democratic party squarely on record on the League of Nations issue. It's candidate, he feels, should be one who can properly interpret the "new idealism" on international relations which Wilson believes is taking command in the country, and at the same time a man who can successfully cope with the multitude of domestic problems.

The former president is withholding for the present his decision on how far he can go in the campaign for the league which will be carried on actively preceding the Democratic convention in 1924. For that reason he is holding in abeyance his reply to an invitation to address a league mass meeting in Madison Square Garden, New York in June 1924.

While his health now is so good that he probably could stand the trip to New York, there is grave doubt of his ability to endure the fatigue of a speech. At any rate it is too far ahead for a man in his condition to plan definitely. But so long as he lives, Wilson will lend encouragement in his power to those who are working to put in the Democratic platform a plank pledging the party to put the United States into the League of Nations unconditionally.

### NEWCASTLE BOY SENTENCED

Warsaw, Ind., May 10.—Berley Bronson, 16, of Newcastle and Cleo Neff, 16, pleaded guilty to charges of grand larceny in court here today. They were sentenced from one to fourteen years imprisonment. The boys stole an automobile belonging to Wallace Clay, Warsaw, Indiana, drove it until it stalled, abandoned it and walked back to Warsaw. Neff has stolen two automobiles previously to that, according to police here and was out on parole when he and Bronson stole Clay's car.

### TO INVESTIGATE DEATH

Muncie, Ind., May 10.—The Delaware county Grand Jury was called into session today to investigate the death of Mrs. Lillian Ferguson, colored, shot to death by her husband at her home here two weeks ago, and that of William Davis, age 6, of Eaton, who suffered a fatal illness a few hours after being whipped by his school teacher. It is understood that no other cases will be brought before the grand jury at this time.

—Dr. A. I. Clark of Morristown, Ind., who has been in ill health for over a year and who underwent an operation for gastric ulcer at the Mayo Brothers Hospital, Rochester, Minn., several months ago, has returned to Morristown much improved in health and is now able to resume his veterinary practice.

erage value of \$78.50.

The assessors' reports showed 682 mules with an assessed valuation of \$54,630, or an average of \$80.10 each. Last year the average for mules was \$64.45, with 732 mules listed for taxation.

Four thousand, six hundred and sixty-five milk cows in the county were assessed for \$258,900, or an average of \$55.49 each. This is a gain over last year when the average assessed valuation was \$44.73 on 4,680 cows.

Other cattle numbering 4,358 were assessed at \$141,430, which makes the average \$32.45. Last year the average assessment value was \$29.75 on the 4,869 head listed for taxation.

Four thousand, four hundred and forty-nine sheep were assessed at \$33,945, which makes the average \$7.63 a head as compared with a general average of \$5.85 last year when \$4,749 head were listed.

Sows showed a loss, the average for this year being \$25.92 and last year the average was \$26.17. All the sows on farm March first, numbering 17,104, were valued for taxation purposes at \$443,395. Last year only 15,166 were listed by the assessors.

Other hogs are also valued at a lower sum this year. The average valuation is \$7.02 cents a head on 55,855 which were owned on Rush county farms March 1. Their total taxable value is \$392,472. Last year there were 40,361 head of hogs on the farms on the same date and their average taxable value was \$9.00 a head.

Three thousand, nine hundred and fifty-one householders were assessed this year for a total of \$982,872, which is an average of \$248.76 per home for household goods. Last year the average was \$207.23, with 3,510 listed for taxation. Last year pianos and other musical instruments were assessed separately, but were included under the general term of household goods this year, which served to make the household goods item larger this year.

Poultry averaged \$10 per dozen this year with 11,187 dozen being assessed for a total of \$109,875.

## TWO DIVORCES ON HEARING TODAY

Continued from Page One

morning in court, was decided today in favor of the plaintiff, and the court awarded them judgment in the sum of \$195.65 and costs.

Two complaints were filed today in the circuit court, one action being a complaint for damages against the Big Four railroad and the other a complaint on an account.

In the first complaint, Edward J. Chambers is plaintiff against the railroad company, and he demands \$200 judgment. He sets out in the

complaint that on January 24, 1923 he shipped a car load of mules, valued at \$3,000 to Memphis, Tenn., and that in the course of shipment, three of the mules were injured.

He alleges that the railroad company was careless negligent in handling the shipment, and demands \$200 for the mules which he alleges were bruised and injured.

In the other complaint the National Refining Company is plaintiff and Sylvia Headlee, is defendant. The case alleges that the defendant purchased oil from the plaintiff and that the bill is unpaid, with the demand placed at \$75 judgment.

worms from propagating a generation of pests for the following season. The records showed that 15,248 cars of apples were shipped out of the Wenatchee Valley, which was only a little under the highest amount ever shipped in one year.

Another statement made was that the freight rate on potatoes from Idaho to Chicago is 97 per cent of the price received. Investigation showed that the freight rate was 60 per cent of the price if the potatoes were in first class condition and could be sold at the price being paid for first class goods, and that the reason for even that high percentage is the distance shipped. Idaho potatoes must be transported about 950 miles, if marketed in Chicago, and must be sold in competition with potatoes transported only half that distance or produced by growers who haul their produce into Chicago by truck. The fault was not with the freight rate, but with the effort to supply a market with a cheap commodity at a distance of nearly 1000 miles.

Another feature of the matter was illustrated by W. W. Baldwin, of the Burlington railroad, discussing a statement which did not affect his road in any way. Complaint was made that apples were left to rot in the orchards of Central New York while retail fruit dealers in New York City were charging from 5 to 25 cents each for apples and pears that had been brought from the Pacific Coast, 3000 miles away. Mr. Baldwin said: "Why did not the apple raisers in Central New York send their fruit to market over the Canal Barge Line, that is, practically float it down the canal on an extremely low freight rate, over a short distance. Because the quality of their fruit and the way they pack it and handle it is such that New York City people will not buy it but prefer to buy Oregon apples."

As remarked above, you can't reach sound conclusions from study of only a part of the facts.

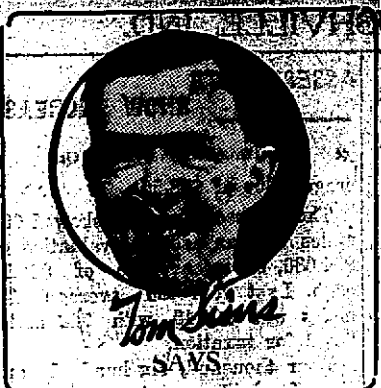

## LAW APPLIES TO TRUANT OFFICER

the state board of education." Section eight also sets out, "No person, after December 1, 1923, may be employed as superintendent, assistant superintendent, supervisor, principal, teacher, attendance officer, or as any other kind of regular school employ unless such person holds a license issued by the state board of education of the kind and grade required for the particular position."

Mr. Moore, the new attendance officer, will succeed James G. Miller next September, at the beginning of the fall school term, and he was appointed for the duration of the next school term.

The new law will then apply for the year following according to the interpretation of the act.

Monday, May 11, 1908.

"We the jury find the defendant, Leslie Bundrant, guilty of murder in the first degree and fix his penalty at death." Such was the culmination today of a murder case which has been the topic of conversation for many days. Judge Will M. Sparks who read the verdict, seemed to be more affected than was the negro. The man, charged with the brutal murder of March 3, did not show any emotion whatever and was apparently the most tranquil person in all the crowd that filled the court room. Bundrant entered a plea of guilty and the introduction of evidence was dispensed with. A new trial will possibly be asked for Bundrant, when he will be placed upon the stand as will other witnesses to testify.

BETTER THAN CALOMEL

Thousands Have Discovered

Dr. Edwards' Olive Tablets

are a Harmless Substitute

Dr. Edwards' Olive Tablets — these substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little, light-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel tired and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

See the New Corona first!

Before you buy a portable typewriter, compare it with Corona in these five important particulars:

STEP into our store today and ask to see the New Corona.

Sit down at the keyboard, run your fingers over the keys. See how easy it is to write, even if you have never touched a typewriter before.

Then ask the salesman to show you how Corona fulfills these five essentials of a portable typewriter:

1. Completeness: Has every modern improvement, including Automatic Ribbon Reverse and Standard Portable Keyboard. Two-Color Ribbon, Back Spaces and Automatic Line Spacer. It is really an office typewriter in portable form.

2. Convenience: Weighs less than seven pounds, folds and fits into a neat traveling case. Writes visibly, without craning one's neck. Takes a No. 10 envelope. Easily holds its title as "The most convenient typewriter in the world."

3. Durability: Strongly, simply built, Corona is the only portable typewriter whose design and construction have been tested by sixteen years of service and by 500,000 users. There are more Corona in use than all the other makes of portables combined.

4. Speed: The New Corona is built for swiftness. Its standard portable keyboard, with right and left shift keys, is the simplest of all typewriter keyboards and, therefore, the easiest to memorize and use. The action is sure and swift, and easy. For the touch system, the keyboard is ideal because the hands never need to leave their original "positioning" on the keyboard.

5. Value: No typewriter, at any price can equal the conveniences of the New Corona. No machine, large or small, will do better, cleaner work, nor stand up longer in service — yet the price is still \$50 complete with carrying case.

## MAY NOT BE SO EASY FOR GIANTS

McGraw May Have More Trouble Than He Expects In Tilt With The Western Clubs

CUBS NOT SO WEAK AT THAT

No Club Against Arthur Neff At His Best Looks Extra Good—Chicago Is Improving

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, May 9.—When the giants were putting on weight at the expense of the Phils, Braves and Robins, the third base jury box at the Polo Grounds reached the verdict:

"This is easy. We're in by the fourth." Nothing had been seen of the western clubs, but McGraw held out hope when he said the Pirates and the Reds were the only ones he feared.

If the Chicago Cubs, as they looked on their first appearance here, are the weakest in the west, according to the dope of the Giant leader, the Giants may not be in when Labor Day rolls around after they have encountered the strong clubs.

In their eastern debut the Cubs did not look strong but no club against Arthur Neff at his best looks extra good. The Cubs have an air of class around them nevertheless. There is no pennant sticking out of their rear pocket, but they have the looks of a club that will provide plenty of trouble.

"Don't judge us by our present looks," Bill Killifer, the young Cub pilot said today. "We are a good thirty per cent under our regular strength. I don't have to tell any one that we are weakened without Charley Hollocher at short-stop and Grimes at first base and under the handicap we think we are doing very well."

"It has never been my practice to claim pennants because the races aren't decided that way. I think I have found a good second baseman in Grantham and Prieberg is doing fine at third base. And we have a fine lot of pitchers."

Grantham, like Jocko Conlon of the Braves, look like the best second baseman that has come up this year. He has all the markings of a corner and although he has much to learn, he is under the right condition to pick up knowledge.

## FANNING WITH ARRELL

Dark Horse Looks

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, May 10.—Hot summer suns of mid-June and July provide the first real tests of a ball club's strength, when age begins to falter and youth starts to fade. Until the first quarter of the race begins to slip up on the half mark pre-season predictions cannot be held up for accurate comparison.

Thus early, however, it is apparent that the Cleveland Indians were the most under-estimated club in the major leagues by the prophets who dared to outline the destinies of the sixteen clubs when they started three weeks ago.

Not only were the writers led astray, but Miller Huggins, manager of the Yanks, admits that he was mistaken in appraising the strength of the 1920 American League champions.

"The Indians are the dark horse in the American League race. If the dope booklet is to be spilled, it looks like Cleveland will provide the upset," Huggins said recently.

He still considers his Yankees as the favorite for the pennant, because of his faith in the value of pitching and for the same reason he figures the Detroit Tigers are next to him on paper form. The Yankee manager said before the season started that the White Sox were being over-rated and that they lacked sufficient pitching strength. His judgment, so far, has been shown to be as accurate as any that can be ventured on a fickle game like baseball.

Summer suns, in the same connection, prove the big test for rookie ball players. The chill of spring, which ties up veteran arms and limbs, gives youngsters the inspiration and the opportunity to play miles over their heads. They always look good in the early games, but when the veterans get going, they fade away in droves. Figuring the law of averages though, it seems that more rookies are up to stay this year than for many years in the past.

The Cleveland Indians certainly have two sticks in Outfielder, Summa and Third Baseman Lutz, and the work of these two youngsters might mean a pennant for the Indians.

## HIGH SCHOOL READY FOR BIG TRACK MEET

Rushville Has 12 Men Entered in Sectional at Connersville to be Held Saturday

STATE TOURNEY WEEK LATER

The Rushville high school athletes are getting in shape this week for the annual sectional track and field meet which will be held Saturday afternoon at Connersville and in the list of entries announced today, 60 will participate from this section, and 12 from Rushville.

The cities to be represented are Brookville with 1 entry; Connersville with 15; Richmond with 18; Rushville 12 and Shelbyville 14. The annual meet will be held at Hawkins play ground in that city, and will start at one o'clock.

Winners of first and second places in the sectional will entitle the winner to take part in the state tourney at Indianapolis next Saturday.

The twelve Rushville entries, and their numbers, are as follows: 35 Marshall; 36 Hilligoss; 37 Reade; 38 McNamara; 39 Comella; 40 Phillips; 41 Caudley; 42 Alexander; 43 Newbold; 44 Pugh; 45 Culp; 46 Geraghty.

Several people from Rushville are planning on making the trip and aid the local team.

## THREE AMERICANS LEFT IN TOURNEY

Come Through Victoriously And Will Enter The Fifth Round of Play in Golf Tourney

SHOWING UP IN GOOD FORM

Dr. Willing of Portland and Douglas Grant Win Their Matches From Hard Opponents

Deal, Eng., May 10.—Three Americans came victoriously through the fourth round of the British amateur golf championship this morning.

Francis Onimet of Brookline this morning eliminated J. F. Neville of San Francisco two up and George Rotan of Houston, Tex., fell before the better half of Charles Hope who won three and two.

The other Yankee survivors were Dr. O. P. Willing of Portland, Ore., and Douglas Grant, an American living in London, both of whom won their matches in convincing style.

Willing was the first American in with a victory, beating R. W. Crum-mack of Lytham and Stanner's 2 and 1.

## The Score Board

Three runs piled up in the ninth inning gave the Cards a 9-7 victory over the Phils. "Cy" Williams, Phils outfielder hit his ninth homer.

Hammering four pitchers hard in the pinches, the Cubs came from behind twice and beat the Giants 9-6. Grantham led the Cub attack with a homer and a double.

Garber knocked in four runs with two doubles and helped the Browns beat the Athletics 10-5.

Bad weather caused postponement in all the other games.

**—But You Can't Ride on the Paint!**

Imitation diamonds can be made to look so real and sparkle so brightly that it is difficult to tell them from the genuine.

But try to sell one and you will find out its real worth in a flash.

Same with automobiles. Weaknesses of construction in a closed car can be hidden, for a time, with paint and varnish and fancy fittings. But all is not quality that glitters.

You can't ride on the paint. And when you place such a car in the second hand market, you suffer a heavy depreciation because it lacked real intrinsic value at the outset. Use will never improve a mediocre product.

The second hand floor is the melting pot for automobile values. Cars are stripped of artificial values and only inherent worth counts.

Motor car owners tell us that the trade-in value of any Studebaker car at the end of three or four or five years of useful life is greater than on any other car built today—the percentage of depreciation is the lowest.

No wonder the Studebaker Light-Six Sedan is the fastest selling quality Sedan in the world!

The name Studebaker stands for quality, durability, comfort and integrity.

For Women Who Rely upon  
**Lydia E. Pinkham's Vegetable Compound**

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and weighed 95 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

Many times they state in their letters their willingness to answer women who write them. It is an offer dictated by gratitude and a desire to help others.

Although the snow drift stories published Wednesday seemed improbable, yet from many places in the county came reports that the snow had drifted several feet on the county roads, and in some places it was almost impossible to get through them.

The rural route carriers will vouch for the snow drifts, as many carriers were late in finishing up their routes. Several carriers in the Rushville postoffice ran into drifts which for a time vexed them trouble, and one carrier almost was compelled to give up his regular route and detour.

Alfred Gilbert, carrier on the route from here to New Salem, did not reach the office here until after four o'clock yesterday afternoon and encountered many bad places where snow had piled up in the road.

He had to borrow a snow shovel from one of his patrons south of New Salem, and he frequently was compelled to shovel his way through the drifts, after other machines had turned back.

Although the snow was noticeable in Rushville city, yet in the country, where the wind had a clear sweep, the heavy snow was placed in drifts, and in some places was piled up today, but was gradually melting.

### Big Damage In North

East Lansing, Mich., May 10—The fruit crop of Michigan was damaged to the extent of nearly \$1,000,000 by yesterday's blizzard and subsequently cold weather, officials at the farm bureau here estimated today.

Freezing weather in practically all parts of the state last night will mean a 20 to 30 percent reduction in the peach, cherry, plum and pear production, the officials declared.

### Pastel Shades

Voile is the thing for summer lingerie. Pastel shades are very popular. Rose, orchid, pale blue and even elephant's breath gray have established a new color scheme for underwear. This combination has a long-waisted effect to fit the summer dresses. Checked batiste, voile, marquisette, crepe de chine and georgette may be used for it.

## AFTER HOUSE CLEANING

A change to the Carter's knitted undergarments will make and keep you happy.

Yes, though it costs no more, it is different.

Its greater elasticity, result of patented long stitch needle.

Its permanent softness of texture, produced by process of boiling.

Its stayings are correctly located and put there to stay.

Its accurate strength comes from years of study and is the most important of its features.

### AMUSEMENTS

#### Coming Here On Friday

If you met and married a million dollars in five hours and then lost it, what would you do?

Suppose also that you might have been suspected of crime during those five hours, and been the target of a gang of crooks?

Those are just a few of the things that befell John D. Curtis on the first night of his return from five years spent in China. Between the hours of sunset and sunrise he found more real romance and adventure than in all those five years of travel.

"Romance and mystery!"

What intrigue lies in those words. There are stories and stories, and all have their day, but the appeal of the red-blooded adventure story is perpetual.

That is the appeal which is carried in "One Wonderful Night," the Universal film play which brings Herbert Rawlinson to the Mystic Theatre Friday.

Louis Tracy, who wrote the stage play of the same name, is noted as one of the leading mystery story writers of the country, and this has been his most popular play.

Stuart Paton directed the picture, and the entire action of the play takes place within the space of one night. Into those few hours are crowded thrilling mystery and adventure, woven with a colorful thread of romance.

Supporting the popular star is a cast of well-known players, including Lillian Rich, Sidney Bracey, Dale Fuller, Spottiswoode Aitken and others.

# SPEAKS TONIGHT AT SHELBYVILLE

Judge Sparks Will Be Principal Speaker At Parent-Teachers' Club In That City

PROGRAM IS ARRANGED

Shelbyville, Ind., May 10.—Judge Will M. Sparks, of Rushville, will address the regular meeting of the Parent-Teachers' Club of the Departmental school, here tonight. The Warble Trio will give a musical program preceding the address and there will be other features to be followed by a social hour, and the officers of the club feel confident that the meeting will be one of great interest throughout.

Judge Sparks is a splendid speaker and the Warble Trio is the best musical organization in the state. All patrons and all other friends of the school are urged to attend and to co-operate with the officers to make the meeting a real success as it will probably be the last one of the term for the school. # FUNERAL HELD AT TIPTON

Relatives Here Attend Services For Ben Sells, Former Resident

Mr. and Mrs. Ed Johnson, Mr. and Mrs. Lyle Johnson and Miss Lois Miller motored to Tipton, Ind., Wednesday and attended the funeral services of Ben Sells, who expired Monday morning at four o'clock at his home in Tipton. The deceased was ninety six years of age and was a former resident of this county.

Mr. Sells was a brother of James Sells of Manilla and is survived by a widow, who is a sister of Lyle Johnson living north of this city, and six children. The funeral services were held Wednesday afternoon at 1:30 o'clock at the late residence and burial took place in a cemetery in Tipton.

# GAIN OF 6 MADE BY ENUMERATION

Continued from Page One  
In completing the canvass this year, Mrs. Aldridge found many families had moved since last year, and it is considered fortunate that Rushville will retain the same ratio that it did last year.

Complete returns have not been made from the township trustees, but it has been intimated that several townships have lost heavily during the year. Several cities around here have shown decreases, according to newspaper reports, but Rushville generally makes a small gain each year.

Logansport — John Carson and James Patnam, confessed counterfeiters, will be turned over to Federal authorities. The men led officers to where their moulds were hidden. According to their confessions, they passed bogus coins in South Bend, also.

# Obituary

Harry Elmer Jones was born Dec. 3rd, 1915 at Norwood, Ohio. Died April 22nd, 1923 at Rushville, Indiana. He was the youngest and only son of Hazwood and Gertrude Jones (nee Bickel) and little grandson of Mr. and Mrs. George Kyle, also Mr. E. E. Jones. He was sunshine wherever he went and loved by both old and young. He was more than a favorite with the old. He has left the many broken hearts to meet him in the sweet bye and bye.

Sad and sudden was the call. Of one so dearly loved by all. There was no chance to say farewell To us he loved so well. A happy home we once enjoyed, How sweet the memory clings. We often sit and think of you, When we are all alone, For memory is the only thing, That grief can call its own, But death has left a loneliness, Which never can be filled, Oh, how we miss our darling, Mamma and papa and little sisters, Daddy and Mom Mom Kyle.

# IN MEMORIAM

In sad and loving remembrance of our dear daughter and sister Mildred Eckel who passed away one year ago, May 10th, 1922.

Through all pains at times she'd smile, A smile of Heavenly birth, And when the angels called her home She smiled farewell to earth. Heaven retaineth now our treasure, Earth the lonely basket keeps, And the sunbeams love to linger, Where our darling Mildred sleeps. Her loving parents, sisters and brothers.

## Things That Count in Moderate Priced Closed Cars

The Coach is a Hudson-Essex invention. It was created to provide closed car comforts at little more than open car cost.

Closed cars, on high-grade chassis, were too costly for most buyers. So a revolutionary thing was done.

An entirely new closed body design that eliminated all the old, costly manufacturing methods was invented. And production on a scale unknown in the closed car field was started. It brought closed car comforts within reach of all.

The Coach is durable. More than 40,000 owners are proud of it. It has a simple and sturdy beauty. There is ample and comfortable carrying space for passengers and luggage. Body rumbling noises are totally absent. Doors and windows stay tight fitting.

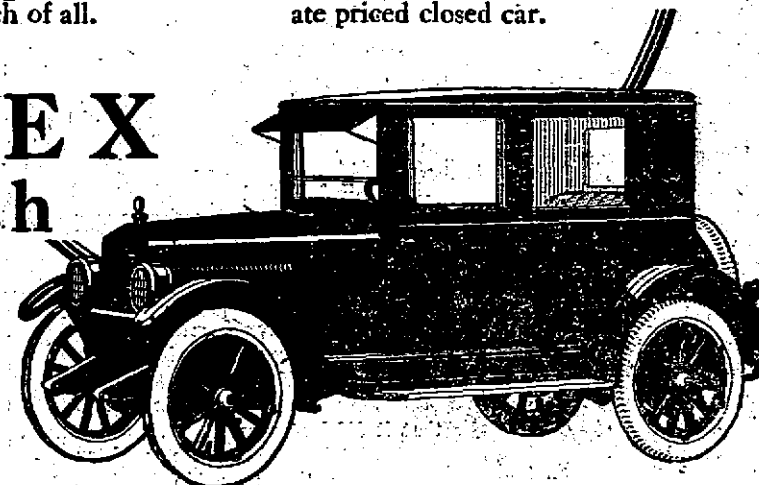

The Coach is built for service. On either the Hudson or Essex chassis it is ready always for any use.

These are the essentials of a moderate priced closed car.

## WEEKLY STORE NEWS

From ALLEN'S

What you read in our ads is so. We do not have special sales. All prices quoted are our regular prices on the articles named AND WE HAVE THE GOODS TO SELL AT THOSE PRICES.

With the advent of cheap bread a few months ago, we experienced a slump in our bread business but in a few weeks the business began to come back and at this time we are selling as much bread as we ever did. In the language of our esteemed contemporary "There must be a reason." We sell Weakley's and National Biscuit Co. bread. When you eat this bread you are eating bread baked from the best of materials in clean shops, bread that is good to the last crumb, it's the cheapest in the long run.

We also sell National Biscuit Co. Crackers. We suggest that you compare these with the crackers sold at low prices. You will quickly be convinced that our crackers at 15c per pound (14c when bought by the can) are really the cheaper.

For 20c we offer a good grade of canned peaches. These peaches are not in syrup, but the quality of the fruit is good.

Those LOYALTY Flour checks are still good. Bring them in and save 15c on the price of a bag of the best every purpose flour we have ever sold.

Now is the time to pack eggs for next winter. Water Glass is the most efficient preservative we know of. We sell it.
